

CopyFi

On-chain copy-trading platform

WHAT WE OFFER

Our platform empowers users to automatically replicate the trading strategies of successful crypto wallets. By selecting a **top-performing** wallet, users can mirror every trade executed by that wallet in real-time.

THE PROBLEM

- **Average crypto user face** lack of access to expert strategies. Gaining insights into effective trading strategies is difficult, as seasoned traders often keep their methods confidential.
- Current copy-trading solutions proposed by CEXs, so performance of trader can't be verified in non-custodial way, what create additional challenges for unexperienced traders

THE SOLUTION

- By enabling users to follow and replicate the trades of top-performing wallets, we democratize access to proven strategies.
- Our platform leverages blockchain technology to ensure complete transparency. Every transaction is on-chain and verifiable, allowing users to trust the authenticity of the trades they are copying.

KEY FEATURES

TRANSPARENCY AND TRUST

Built on blockchain technology, our platform ensures every transaction is **transparent and verifiable**. Users can review the historical performance of wallets, analyze past trades, and make informed decisions about whom to follow.

USER-FRIENDLY INTERFACE

With an intuitive design, our platform caters to both beginners **and experienced investors**. Setting up copy-trading is as simple as selecting a wallet and allocating funds.

CUSTOMIZABLE CONTROLS

Users maintain **full control** over their investments. They can set limits, adjust risk parameters, and even pause copy-trading at any time to suit their investment goals.

DIVERSE PORTFOLIO OPTIONS

Access a variety of successful wallets specializing in different cryptocurrencies and trading strategies, from conservative long-term holds to aggressive day-trading.

MARKET OPPORTUNITY

The cryptocurrency market continues to expand, attracting investors worldwide. However, the steep learning curve and market volatility deter many potential participants. **Our platform lowers these barriers**, offering a solution that combines expert strategies with user autonomy.

REVENUE MODEL

**WE OPERATE ON A SUSTAINABLE REVENUE MODEL THAT
ALIGNS WITH OUR USERS' SUCCESS. THIS INCLUDES:**

– SUBSCRIPTION PLANS:

Access to premium features, advanced analytics, and priority customer support.

– PERFORMANCE FEES:

A small percentage of the profits earned through copy-trading, ensuring we succeed when our users do.

– AFFILIATE PARTNERSHIPS:

Collaborations with exchanges and crypto services to offer exclusive benefits to our users.

WHY CHOOSE US

By investing in our platform, you're supporting a venture poised to make a significant impact on the crypto investment landscape. **We're addressing a clear market** need with a scalable **solution that has the potential** for rapid user adoption. With your support, we can accelerate development, enhance our platform's features, and execute a **robust marketing strategy** to capture a substantial market share.
